Ref.No. GILGYO 2023 - 19

Date: 2023. 10. 11

Attention: Department of Civil Engineering, Yonsel University

Subject: Recruitment of Foreign Master & Doctoral degree Students of Engineering Major(Structural)

We are pleased to introduce our company and write this letter to work on recruiting your graduates.

As a Bridge Specialist in Korea, we are presenting our outstanding performances for 20 years so far. We design & manufacture bridge girders mainly and continuously develop the technology to contribute for bridge construction fields.

Now we are hiring international students to meet the growing trend of the bridge construction market in domestic and to improve our performance against overseas markets as bellows.

1. Design Engineers

- Civil or Architectural Engineering Graduates or Master degree
- Design works of Bridge incl. CAD works & Structural Analysis/Calculation
- Engineering Support for Site works and Client's request

2. R&D Engineers

- Civil or Architectural Engineering Graduates or Master degree
- Girder Technology Development, Patent development and registration, Structural Analysis/Calculation, Development & R&D Tasks, Collaboration work with 3rd parties related to the R&D works

Experiences of internship or any working experiences in Korea will be advantageous for both positions

3. How to Apply

Resume & Self-introduction essay in English or Korean E-mail to gmseo.gg@esgroup.net Mr.Seo/ Manager +82-2-6121-6704

Dep't of Management Support

4. Location: ES Tower, World Cup buk-ro, 58 gil, Mapo-gu, Seoul, Korea

We look forward to receiving applications from international students who want to build their careers while working in Korea.

Sincerely Yours,
