KGCCI is looking for Korean Junior Economist **For Energy Projects in Trade Services division**

Who we are

The Korean-German Chamber of Commerce and Industry (KGCCI) is a recognized member of the worldwide German Chamber Network Abroad (AHK) with 140 offices in 92 countries. KGCCI has been promoting economic relations between Germany and Korea since 1981. Germany is Korea's most important EU trading partner. Around 35% of all EU exports to Korea come from Germany. The EU-Korea FTA, effective since July 2011, is thus especially beneficial for German companies and will further increase business opportunities in Korea. With a full-time staff of currently 22 bilingual professionals, KGCCI and its subsidiary, KGCCI DEinternational Ltd., focus on the functions of trade promotion, membership, and services.

Requirements

- Professional German and English language ability required (verbal and written)
- Good communication skills
- Detail-oriented and well organized, able to manage a variety of projects
- Team player, flexible and able to take on special projects
